All these astronomical data and information allow sailors to calculate the position of the ship using the traditional method of celestial navigation (using a sextant). The new version "PDF" contains increments and correction tables for Sun and Aries, corrections that will be applied to the observed altitude of Sun and Fixed Star, arc-to-time conversion, Speed table of velocity of velocity. Description of the Nautical Almanac (Astronomic Almanac for Sailors) - Version of "Excel" by entering the lexE lexE adamitne n'Aicisop al ed dutignol al y calculates the times of astronomical events in U.T. (Greenwich Mean Time): twilight, sunrise and sunset, view of the Nautical Almanac of the Stars The excel spreadsheet (software) shows: Sun; Greenwich time angle (G.H.A.) and declination tab time intervals including increments, half-diameter and meridian passage in Greenwich; Aries: hour tables (Greenwich hour angle - sidereal time); Stars: position tables (sidereal time angle - S.H.A. and declination) - 64 stars are tabulated (Polaris included); In the nautical almanac the astronomical events are shown according to the geographical coordinates: nautical disks, sunrise and sunset. The times are Universal Time (U.T.) - Latitude 50°24.5' North and longitude 0°00.1' West are the geographic coordinates (approx.) of the light vessel "Greenwich" at the southern entrance of the Canal (in the middle of the buffer zone). New coordinates are required for the actual estimated position (or country, city, etc.). On the "standard latitudes" sheet, events at fixed latitudes/longitude of Greenwich are shown as a traditional nautical almanac: accuracy Time angles and declinations are calculated with an accuracy equal to the given in the traditional Nautical Almanac. The VSOP87 Theory has been incorporated into the program and allows the calculation of the position of the sun with an error not exceeding 2." The results have been rounded to the nearest value (0.1 arcminutes). This is a free software (excel spreadsheet) but redistribution is forbidden and downloading is possible only from this website. This Almanac is not intended to replace the traditional Nautical Almanac. The software has the following features: "as is" without any express or implied warranty of any kind. The user assumes full responsibility for the use of the software. Next year's version will be broadcast in October. Celestial Navigation - workbook A© - - 2202 The popular solitaire card game has been around for years, and can be downloaded and played on personal computers. There are numerous variations of solitaire that are usually interpreted by an individual. Many of the following games are free to play and easy to use. The game is classicThe solitaire classic game that can only be played with a deck of cards can now be downloaded for Windows 10 on your computer and accessed by email" single. This digital version "3 the card game is responsible for shuffling and handing out the cards for you. Basically you play against yourself, with the computer as a distributor. On some PCs this game is also called Klondike.Spider is a variation "3 the traditional solitaire. A part of Microsoft"3 software collection, and is one of the free PC solitaire games. The game is played using eight columns of cards lined up in a row on the computer screen. The player aims to get rid of the cards in the fastest way with the least number of moves. A timer keeps track of the time elapsed while competing with yourself.Free CellsIn this solitaire variation" the player uses four cells to move cards around the virtual board. In the end all cards are erased and the game ends. Some programs store progress and scores so you can keep up with your moves. While the games are free, the most have ads that appear during play.PyramidPyramid is another free option" The game uses two cards coupled between itself and adding up to 13 that are removed from the deck (like a six and a seven or an eight and a five). The game continues with the remaining cards, and the goal of reaching 13 each time to continue. Pyramid is a fun and entertaining card game, and a great way to spend time.TripeaksIn the Tripeaks game, cards are selected in a that goes up or down to accumulate points. This game and other variations of solitaire are easily played by all ages. The programs that are downloaded to your computer are usually available to play on tablets and smartphones, too. If gathering resources, building structures and shooting your enemies is what you're looking for in a game, Fortnite is the game for you. League of Legends is one of the most player online Battle Battle Arena (MOBA) games available for the PC. In this game, you must coordinate with your teammates to destroy the base of the opposing team. Don't expect to master the intricacies of this game overnight, but the action starts as soon as you click the "Play" button. Photo courtesy: @LeagueOfLegends/Twitter The game rewards careful tactics and good teamwork and is always free, but if you want to keep your character after a week or add any special features and upgrades to your game, you'll have to pay a fee. League of Legends uses a freemium model where the characters spin weekly, and certain extras cost money. The game provides opportunities to win the game coin while playing, which you can then use to buy champions. Brawlhalla the " -Brawl" in Brawlhalla, pretty much says it all for this fighting game that is similar to the popular Super Smash Bros. from Nintendo. You fight in competitions with up to four players, and the ultimate goal is to get your opponent out of the arena to score points. Each character has their own set of weapons to use during a game. Like League of Legends, Brawlhalla engages in a weekly rotation of playable characters, but you can always buy your favorites using the in-game coin you collect while playing. Screenrant gave this fighting game a rating of "very good."
